FOUND DEAD IN LONELY SPOT; POCKETS TURNED

Second Sensation in Day Occurs in Down River Town

IDENTITY NOT KNOWN

Man Wore Good Clothing and Had on Necktie Purchased at Charleroi

A man, believed to be Walter Platnes, a Lithuanian, and aged about 5 years, was murdered at the Mingo ridge, two miles north of Monongahela Saturday evening about 8:30 clock. Three wounds, all in the back flicted by bullets from a 22-calibre volver were the cause of the death. The officers who are working on e case are completely baffled as to e identity of the murdered or murrers. Just what might have been e motive for the c rime is also perexing to them.

The scene of the murder is one of e most lonely spots in the Mononhela valley. The pockets of the an's clothinng were pulled out and hile this seems to indicate that robry was the motive for his being ot, the officers are inclined to doubt and think there is something else ck of the shooting.

Three shots in rapid succession folved by cries for help attracted two n wha were waiting on a street at the Riverview stop on the tsburg and Charleroi line. Hurng in the direction from which the ts and calls for help came, they nd the body of a man lying in the d.

Although still living their efforts revive him or to get him to speak tell of the shooting were without il and he died within a few mins.

fficers at Monongahela were noed of the murder and they hurried the scene. They had the body en to the Scurfield undertaking ms. A search of the dead man's hing revealed the name, Walter anes, sewed on the inside of a ket. This is thought to be his name there has been nobody as yet, who identify him and whether this is name or not is not known for a ainty.

he necktie and collar worn by the had evidently been purchased re-ly, the latter never having been dered and was almost spotlessly n. The necktie bore the name of ie Campbell, a merchant of Char-. Mr. Campbell was seen this ning but stated that he hadn't the idea who the man could be. The had been purchased in April of year, a tab in the coat pocket aling this fact but it did not bear name of any merchant.

hoever fired the three shots that the cause of the man's death without a doubt in close proximo him. The clothing was burned o of the shots and the fact that wounds although inflicted by a libre revolver resulted in death n a few minutes, would also to indicate this fact.

CHARLEROI IN LEAGUE

Ferat to Manage--Fine Lineup of Basketball Players

It now appears as though Charleroi would be one of a circuit of five places to have a team in the Central Basketball league, and have one of the strongest lineups of any of the clubs On Sunday I. M. Jones, who is a director of the league, Lloyd H. Smith, and John H. Laing, all of Uniontown, were in Charleroi and met among others "Bill" Phillips, and H. L. Swickey. They wanted Phillips to take up the matter locally but he declined. Swickey is one of the pushers of the organization here. A meeting will be held Tuesday night of local basketball enthusiasts, and it is proposed to form a stock company to back the team.

Mr. Swickey stated this morning that A. Ferat, formerly a Uniontown player, will manage the team and will have such other stars as Kinkaid, last year with Uniontown, Pennino, a former Uniontown man, Jack Adams , Lary and Brown. The season will open November 7. Two games a week will be played at home. Teams composing the league will likely be: Johnstown, Connellsville, Uniontown, Southside and Charleroi.

AUTOMOBILE STOLEN FROM PUBLIC STREET

People Look on As Car of W. H. Calvert is Driven Away--Found Over An Hour Afterward Stuck in a Mudhole.

If it hadn't rained several days last week and if Westmoreland county had more improved roads, and if Fate hadn't played into his hands, Councilman W. H. Calvert might be searching today for his Buick automobile. As it was he recovered the machine a few hours after it had been stolen from in front of the Casino restaurant.

Councilman Calvert was in the restaurant about 1 o'clock Saturday. While he was there a couple of men removed the machine. Several people were standing around and saw the men drive away but made no effort to stop them. When Mr. Calvert learned of the theft he and L. A McVey with three others started in McVey's automobile to trace the alleged thieves and recover the machine.

They learned that the machine had been driven across the Monessen-Charleroi bridge. The orcupants paid M. Wells the toll keeper $1.00 and told him to keep the change In Monessen they learned that the machine had been driven through town northward. It was located just outside the boundaries, stuck in a mudhole and so thoroughly was it imbeded that it took a block and tackle to remove it. Mr. Calvert states he knows the persons who took the machine.

CALIFORNIA MAY HAVE BUILDING

Normal Town to Possess School Before Another Year is Begun

It is not at all improbable that before an other year California will have a public school building of her own. It was to this effect that a resolution was introduced at the meeting of the school directors last week. The resolution provides for a $25,000 bond issue to finance the undertaking and the voters of the borough will be given an opportunity to stamp their approval on the subject at the polls on November 7th.

For about thirty years California has been without a public schoool building and the children of school age have been educated in the Model school of the Southwestern State Normal school. At the time when this plan was first adopted the youth of school age in the borough numbered about 150. Their number however, has increased with the steady growth of the borough to about 420 this year and as a result the accommodations of the Normal school are overtaxed.

The probability that such a situation would arise has been long in the minds of the school directors and for six years a regular levy of two mills for school purposes has been assessed with the result that the board now has available a healthy surplus to be applied toward the erection and equipment of a school building.

It is planned to expend about $40,000 on its constructioon and equipment. The most available site in the minds of the directors is the location of the old academy building.

PACKARD DOES MANY STUNTS

Is Versatile Performer on the Stage--Has Strong Personality

As a versatile entertainer Alton B. Packard, the cartoonist who will open the Charleroi Citizen's Entertainment course on October 18, is a leader. His chief work is supposed to be picture-making. That doesn't make a particle of difference to him. He gets tired of drawing pictures, then plays the piano awhile, and even sings. He is an apt story teller. Packard has a strong personality and has the attention of his audience the moment he steps on the stage. The entertainment course this year is composed of entertannments which rank with that furnished by Alton Packard and to the individual is remarkably cheap. Friday night the seat chart will open at Piper's Pharmacy.

BERKLEY BOYD CAUSES SURPRISE

Westmoreland Local Optionist Wins in Contest With Liquor Forces

Among the surprises of the primary election in Westmoreland county, was the nomination of Berkey H. Boyd, for treasurer on the Republican ticket On his personal merits Mr. Boyd was a strong candidate, but the fact that he represented the local option or temperance element was expected to array against him all the opposition of the liquor interests which in Westmoreland is a considerable factor.

In addition to his well known attitude on this question Mr. Boyd is one of the Assemblymen of Westmoreland county, and took a prominent part in the local option fight of the last Legislative session. This makes him partimularly obnoxious to the liquor interests of his county, and though the office of treasurer does not affect the liquor traffic or the granting of licenses, it was expected that Mr. Boyd would draw all the fire of this opposition in his campaign for the nomination for treasurer.

Some peculiar features, however, developed in the campaign that were of special advantage to Mr. Boyd. In the first place there were four other candidates for the Republican nomination, which of course divided up the vote. These as a matter of fact carefully avoided the temperance issue, but as Mr. Boyd's sentiments on this question were well known he carried with him the support of the temperance element in the Republican party of Westmoreland county, which is considerable and is growing. This was a big factor, as the other candidates were careful to avoid the issue.

But the most important factor, perhaps, in the nomination of Mr. Boyd was the division in the ranks of the liquor interests. This is said to exist between the brewery interests and the holders of retail licenses. It is claimed that the brewing interests supported one slate of candidate and the retail license holders another and as Mr. Boyd was on neither, the opposition vote to him was so badly split that he was an easy winner

It is not known whether the factional fight between the liquor interests will be carried on at the November election, but as Mr. Boyd has the regular Republican nomination his chances for election are considered good.

Drawn on the Jury.

Married 31 Years Ago

Mr. and Mrs. L. R. Walters Celebrate Anniversary of Wedding

Surrounded by members of the family and a few intimate friends, Mr. and Mrs. L. R. Walters celebrated the 31st anniversary of their marriage at their home, 531 Meadow avenue, Sunday. Informal, the occasion was made a most enjoyable affair, and was in some sense a reunion. The happy "bride and groom" were tendered a number of beautiful and useful presents, consisting mainly of china ware, cut glass ware, and linen Congatulations were extended. A feature of the anniversary observance was a "wedding dinner." Among the guests were Mr. and Mrs. Edgar Walters and son, of Pittsburg, Misses Cornelia, Mary and Samantha Sisley, Mr. and Mrs. Andrew Pascoe, Mr. and Mrs. T. P. Vaughan of Fayette City and William Walters of Charleroi.

ACCOUNTS ARE FILED

Candidates Tell How Much Money Spent in Campaigns

Candidates of both parties are filing their expense accounts at the recent primaries, in accordance with the requirements of the Roberts Corrupt Practices Act. Both the successful and unsuccessful candidates are alike affected and it is one of the ironies of fate that the ones who were defeated are obliged to make a public show-down of the money they spent futilely in making a campaign for the nomination.

James T. Heffran of Speers, who successfully landed the Republican nomination to succeed himself as county coroner, is among the first to file his expense account. He spent $200.88 in securing his nomination. Of this amount $10.00 was paid the Republican county committee, $9.00 was paid for traveling expenses and the remainder was for printing and advertising.

J. A. Emery defeated candidate for director of the poor on the Republican ticket spent $98.50. Of this amount was $10 paid the county chairman and $15 for watchers. The remainder was spent for printing and advertising.

William Courson, another defeated candidate on the Republican ticket for poor director spent $76.75. This was all spent for printing and adverticing, traveling and board.

B. C. Stout, Democratic-Keystone nominee for poor director, spent $70.-40. Of this amount $10.00 was given John N. Patterson, treasurer of the Democratic county committee. His total expenses were $10 and car fare $8. The remainder was spent for printing and advertising.

Miss Myrtle Majors was in Donora Saturday to visit frieds.

LOCAL SOCIETY TAKES PART IN DEMONSTRATION

Nearly 150 Men From Here Participate in Big Parade

BISHOP CANEVIN LEADS

Estimated That 40,000 in All Were in Line--Singing of Hymns Only Music

With 147 men in line the delegation representing the Holy Name society of St. Jerome's church of Charleroi, attracted considerable attention at the demonstration held Sunday afternoon by Holy Name societies of the Pittsburg diocese at Pittsburg. The event was the biggest affair in the history of the Pittsburg diocese and in the parade which was the leading feature there were, it is estimated 40,000 men.

Bishop Canevin led the parade. The route was from the "Point" to St. Paul's Cathedral in Bellefield. Grand old hymns, full of sentiment and loyalty to the Master Leader, sung by the vast concourse of marchers formed the only music. The significance was one mighty protest against the blasphemous use of the deity's name, the object of the society being to give honor and praise to the name of God. The benediction of the blessed sacrament was pronounced at St. Paul's cathedral by Bishop Canevin.

The Charleroi delegation won applause by their excellent marching. Rev Axmacher, assistant pastor of St. Jerome's church, was at the head of the local society.

Ludmila Olsavsky.

Ludmila Anna Olsavsky, aged 1 year, 9 months and 7 days, died at the home of her parents, Mr. and Mrs. Andrew Olsavsky at 8 o'clock Sunday morning, from diphtheria. The funeral was held this afternoon privately and interment was in Belle Vernon cemetery. Besides the parents one sister and one brother survive. A brother-in-law of Rev. Olsavsky, Mr. Mako, with his wife from Cleveland, Rev. Vojtko, of Lakewood, N. J. and Rev. Robert Shnirak of Tarentum are here.

Women Have Clear Field.

Mrs Minnie Borchers and Mrs. Anna Murphy, the two women who were nominated on the Keystone ticket at Washington for school director, now have a clear field on both the Democratic and Keystone tickets. John Foster, who was nominated on the Democratic ticket, withdrew, leaving the field to the women.

After the Speakeasies.

It is stated that Canonsburg is going to clean out the speakeasies and unlawful clubs that exists in that town. Twe detectives were employed it is stated, who in the guise of real estate agents located in the town and secured the evidence which will be used to prosecute the offenders.

Miss Clementa Pardiny, who holds a responsible position with the First National Bank of Belle Vernon has resumed her regular duties after a two weeks' vacation.

REASONS FOR PRIDE.

Pennsylvania has reasons for being proud. No administration of this or any other State has gotten closer to the whole people than has the administration of Governor John K. Tener. In every instance Governor Tener has gone direct to the people in determining their wants. When disaster came to any part of the State he went in person to the scene and gave his advice and help. He called to the aid of the distressed every factor of his administration and he insisted upon relieving distress when and where he found it.

When the law was outraged as it was, for instance, in the Coatesville lynching, he not only went himself to examine the situation, but he sent the legal machinery of the State to bring the offenders to justice. When the people clamored for better highways Governor Tener went over the State in person He named a highway commissioner with a reputation for doing things well, and better roads are coming fast. It is little wonder, therefore, that the voters of the State arose in their might at the recent primaries and put all the political isms out of the running.

Philadelphia, the roosting-place of political isms, gave the regular Republican candidate for mayor more than 105,000 votes while the Keystone party polled about 35,000 and the Democratic party polled only about 10,000 votes. These figures show the firm stand the voters are taking in favor of the Republican party. They also show that the voters are entirely content with the management of the Republican party in the State and they are determined to stand for it for the purpose of showing their confidence in the State administration

A READJUSTMENT.

Charleroi, like every other city and town of any consequence, is pasing through a period of readjustment. The industrial conditions which prevailed on the opening and ultimate progress of the town have been gradually changing, untiil, as inevitably occurs, a climax is reached in some of them, and then follows swift and sharp changes, and what had become to be regarded as a permarent fixture is perhaps entirely eliminated. The result is perhaps disastrous to whatever interests had been dependent upon the obliterated features, but that is a mere incident in the material evolution that is going on all around us. Everything in the universe is subject to the unalterable law of change and everything must consequently come in for a readjustment.

This is what has happened to Charleroi. Many business men bemoan the loss of former conditions and prestige. These, however are but natural. A part of this was based on mining conditions which have become exhausted. Ten years ago in the neighborhood of 1,500 people were employed at Vesta and Dunlevy mines now but a handful remains. The Pittsburg Plate Glass factory here, which had been a mainstay has become obsolete in many respects, and is consequently closed when there is a depression in the market. In addition to this other towns are progressing the same as Charleroi, and interpose more competion than previously. There are numerous other features which have helped to make more competition for Charleroi as a business center, which must be recognized and met.

It is not so much the causes in Charleroi as those outside which have brought about the changing conditions. These, however, must be overcome, and if Charleroi is to continue to be the business center it once was, the business people inside must redouble their efforts to bring trade and business to the town. The old order of conditions has passed away and new ones must be created.

PICKED UP IN PASSING

"If those county roads were taken care of the same as railroads, they would stand up all right under the traffic, no matter what the roads were constructed of," said a veteran railroad man the other day, when the question of constructing brick or macadam roads by the county was under discussion. "There is no question in my mind but what the macadam roads would have stood up all right if they had been properly cared for. No road or railroad track will last any length of time if it isn't constantly under repair. The county roads were completed, some of them not very well, perhaps and then they were left alone for three or four years, when they got so bad that they had to be virtually reconstructed. Then it was said that a macadam road would not stand the traffic in this country.

"Suppose a railroad track were laid on a new grade, ballasted and let alone for three years. What would happen? Why the road would be out of commission in six months, from the fact that certain portions would settle or slip and get out of repair generally. Just as soon as a railroad is finished that is, the contractors are through the work of real construction begins. It is divided into sections, and each section crew works continuously from one year's end to another keeping the track in repair. That is what they do with macadamized roads in the old country, and that is what they will have to do with any road in this country. whatever it is made of brick, macadam or any other material.

"As an instance of how vigilant a railroad is in keeping its tracks in repair, a record is kept of all the track walkers. In a statement just issued by the Pennsylvania Railroad company it is shown that the oldest track walker in the employ of the company is George A Burns. His beat is between Greensburg and Youngwood Yard, a distance of about three and one-half miles, and he has covered 177,900 miles during his term of service. If the county roads were looked after in the same way there would never be any big appropriations necessary for repairs. A macadam road will stand the traffic all right in the European countries, but tourists will tell you that workmen are looking after them all the time the same as a section gang on our railroads."

STILL WEAK FROM HOT SPELL

Physicians say that the unusual and terrific heat of last summer did great damage to many people who do not even suspect it. There are many right in this town who are feeling weak, listless and discouraged, losing flesh and going into a decline on account of the strain of last summer.

A Red Bank, N. J., man, Mr. Walton Cullington, has found what to do in such cases. He says· "When I was badly rundown, growing weak and losing flesh, I took Vinol to build me up and make me strong. It has been perfectly satisfactory, and I would not take anything for the good Vinol did me. I am all right now."

It would be a great blessing if all who are in broken health, whether old, middle-aged or young, could know that Vinol is the one thing they need to make them well and strong again. We can prove by people you know well that Vinol, our delicious cod liver and iron upreparation without oil, is the greatest blood builder and strength creator known and we guarantee it to give satisfaction. SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl" —Mrs. DEMA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

lan Wore Good Clothing and Had on Necktie Purchased at Charleroi

A man, believed to be Walter Plates, a Lithuanian, and aged about years, was murdered at the Mingo idge, two miles north of Monongala Saturday evening about 8:30 lock. Three wounds, all in the back licted by bullets from a 22-calibre volver were the cause of the death.

The officers who are working on e case are completely baffled as to e identity of the murdered or murers. Just what might have been motive for the crime is also perxing to them.

The scene of the murder is one of most lonely spots in the Monorhela valley. The pockets of the n's clothinng were pulled out and ile this seems to indicate that robry was the motive for his being t, the officers are inclined to doubt and think there is something else k of the shooting.

Three shots in rapid succession foled by cries for help attracted two n who were waiting on a street at the Riverview stop on the sburg and Charleroi line Hurng in the direction from which the ts and calls for help came, they nd the body of a man lying in the d.

CHARLEROI IN LEAGUE

Ferat to Manage--Fine Lineup of Basketball Players

It now appears as though Charleroi would be one of a circuit of five places to have a team in the Central Basketball league, and have one of the strongest lineups of any of the clubs On Sunday I. M. Jones, who is a director of the league, Lloyd H Smith, and John H. Laing, all of Uniontown, were in Charleroi and met among others "Bill" Phillips, and H. L. Swickey. They wanted Phillips to take up the matter locally but he declined. Swickey is one of the pushers of the organization here A meeting will be held Tuesday night of local basketball enthusiasts, and it is proposed to form a stock company to back the team.

Mr. Swickey stated this morning that A. Ferat, formerly a Uniontown player, will manage the team and will have such other stars as Kinkaid, last year with Uniontown, Pennino, a former Uniontown man, Jack Adams, Lary and Brown. The season will open November 7. Two games a week will be played at home. Teams composing the league will likely be: Johnstown, Connellsville, Uniontown, Southside and Charleroi.

AUTOMOBILE STOLEN FROM PUBLIC STREET

People Look on As Car of W. H. Calvert is Driven Away--Found Over An Hour Afterward Stuck in a Mudhole.

If it hadn't rained several days last week and if Westmoreland county had more improved roads, and if Fate hadn't played into his hands, Councilman W. H. Calvert might be searching today for his Buick automobile. As it was he recovered the machine a few hours arter it had been stolen from in front of the Casino restaurant.

Councilman Calvert was in the restaurant about 1 o'clock Saturday. While he was there a couple of men removed the machine. Several people were standing around and saw the men drive away but made no effort to stop them. When Mr. Calvert learned of the theft he and L. A McVey with three others started in McVey's automobile to trace the alleged thieves and recover the machine.

They learned that the machine had been driven across the Monessen-Charleroi bridge. The occupants paid M. Wells the toll keeper $1.00 and told him to keep the change In Monessen they learned that the machine had been driven through town northward. It was located just outside the boundaries, stuck in a mudhole and so thoroughly was it imbeded that it took a block and tackle to remove it. Mr. Calvert states he knows the persons who took the machine

CALIFORNIA MAY HAVE BUILDING

Normal Town to Possess School Before Another Year is Begun

It is not at all improbable that before an other year California will have a public school building of her own. It was to this effect that a resolution was introduced at the meeting of the school directors last week. The resolution provides for a $25,000 bond issue to finance the undertaking and the voters of the borough will be given an opportunity to stamp their approval on the subject at the polls on November 7th.

For about thirty years California has been without a public schoool building and the children of school age have been educated in the Model school of the Southwestern State Normal school. At the time when this plan was first adopted the youth of school age in the borough numbered about 150. Their number however, has increased with the steady growth of the borough to about 420 this year and as a result the accommodations of the Normal school are overtaxed.

The probability that such a situation would arise has been long in the minds of the school directors and for six years a regular levy of two mills for school purposes has been assessed with the result that the board now has available a healthy surplus to be applied toward the erection and equipment of a school building.

It is planned to expend about $40,000 on its construction and equipment. The most available site in the minds of the directors is the location of the old academy building.

PACKARD DOES MANY STUNTS

Is Versatile Performer on the Stage--Has Strong Personality

As a versatile entertainer Alton B. Packard, the cartoonist who will open the Charleroi Citizen's Entertainment course on October 18, is a leader. His chief work is supposed to be picture-making. That doesn't make a particle of difference to him. He gets tired of drawing pictures, then plays the piano awhile, and even sings. He is an apt story teller. Packard has a strong personality and has the attention of his audience the moment he steps on the stage. The entertainment course this year is composed of entertainments which rank with that furnished by Alton Packard and to the individual is remarkably cheap. Friday night the seat chart will open at Piper's Pharmacy.

Notice to Tax Payers of N. Charleroi --Borough taxes will be received at 5 per cent discount until October 30, 1911, inclusive.

BERKLEY BOYD CAUSES SURPRISE

Westmoreland Local Optionist Wins in Contest With Liquor Forces

Among the surprises of the primary election in Westmoreland county, was the nomination of Berkey H. Boyd, for treasurer on the Republican ticket On his personal merits Mr Boyd was a strong candidate, but the fact that he represented the local option or temperance element was expected to array against him all the opposition of the liquor interests which in Westmoreland is a considerable factor.

In addition to his well known attitude on this question Mr. Boyd is one of the Assemblymen of Westmoreland county, and took a prominent part in the local option fight of the last Legislative session. This makes him partimularly obnoxious to the liquor interests of his county, and though the office of treasurer does not affect the liquor traffic or the granting of licenses, it was expected that Mr. Boyd would draw all the fire of this opposition in his campaign for the nomination for treasurer.

Some peculiar features, however, developed in the campaign that were of special advantage to Mr. Boyd. In the first place there were four other candidates for the Republican nomination, which of course divided up the vote. These as a matter of fact carefully avoided the temperance issue, but as Mr. Boyd's sentiments on this question were well known he carried with him the support of the temperance element in the Republican party of Westmoreland county, which is considerable and is growing. This was a big factor, as the other candidates were careful to avoid the issue.

But the most important factor, perhaps, in the nomination of Mr. Boyd was the division in the ranks of the liquor interests. This is said to exist between the brewery interests and the holders of retail licenses. It is claimed that the brewing interests supported one slate of candidate and the retail license holders another and as Mr. Boyd was on neither, the opposition vote to him was so badly split that he was an easy winner

It is not known whether the factional fight between the liquor interests will be carried on at the November election, but as Mr. Boyd has the regular Republican nomination his chances for election are considered good.

LOCAL SOCIETY TAKES PART IN DEMONSTRATION

Nearly 150 Men From Here Participate in Big Parade

BISHOP CANEVIN LEADS

Estimated That 40,000 in All Were in Line--Singing of Hymns Only Music

With 147 men in line the delegation representing the Holy Name society of St. Jerome's church of Charleroi, attracted considerable attention at the demonstration held Sunday afternoon by Holy Name societies of the Pittsburg diocese at Pittsburg The event was the biggest affair in the history of the Pittsburg diocese and in the parade which was the leading feature there were, it is estimated 40 000 men.

Bishop Canevin led the parade. The route was from the "Point" to St. Paul's Cathedral in Bellefield. Grand old hymns, full of sentiment and loyalty to the Master Leader, sung by the vast concourse of marchers formed the only music. The significance was one mighty protest against the blasphemous use of the deity's name, the object of the society being to give honor and praise to the name of God The benediction of the blessed sacrament was pronounced at St. Paul's cathedral by Bishop Canevin.

The Charleroi delegation won applause by their excellent marching. Rev Axmacher, assistant pastor of St. Jerome's church, was at the head of the local society.

Ludmila Olsavsky.

Ludmila Anna Olsavsky, aged 1 year, 9 months and 7 days, died at the home of her parents, Mr. and Mrs. Andrew Olsavsky at 8 o'clock Sunday morning, from diphtheria. The funeral was held this afternoon privately and interment was in Belle Vernon cemetery. Besides the parents one sister and one brother survive. A brother-in-law of Rev. Olsavsky, Mr. Mako, with his wife from Cleveland, Rev. Vojtko, of Lakewood, N. J. and Rev. Robert Shnirak of Tarentum are here.

Women Have Clear Field.

Mrs Minnie Borchers and Mrs. Anna Murphy, the two women who were nominated on the Keystone ticket at Washington for school director, now have a clear field on both the Democratic and Keystone tickets John Foster, who was nominated on the Democratic ticket, withdrew, leaving the field to the women.

Married 31 Years Ago

Mr. and Mrs. L. R. Walters Celebrate Anniversary of Wedding

family and a few intimate friends, Mr. and Mrs. L R. Walters celebrated the 31st anniversary of their marriage at their home, 531 Meadow avenue, Sunday. Informal, the occasion was made a most enjoyable affair, and was in some sense a reunion The happy "bride and groom" were tendered a number of beautiful and useful presents, consisting mainly of china ware, cut glass ware, and linen Congatulations were extended. A feature of the anniversary observance was a "wedding dinner." Among the guests were Mr. and Mrs Edgar Walters and son, of Pittsburg, Misses Cornelia, Mary and Samantha Sisley, Mr. and Mrs Andrew Pascoe. Mr. and Mrs T. P Vaughan of Fayette City and William Walters of Charleroi.

ACCOUNTS ARE FILED

Candidates Tell How Much Money Spent in Campaigns

Candidates of both parties are filing their expense accounts at the recent primaries, in accordance with the requirements of the Roberts Corrupt Practices Act. Both the successful and unsuccessful candidates are alike affected and it is one of the ironies of fate that the ones who were defeated are obliged to make a public show-down of the money they spent futilely in making a campaign for the nomination.

James T. Heffran of Speers, who successfully landed the Republican nomination to succeed himself as county coroner, is among the first to file his expense account. He spent $200 88 in securing his nomination. Of this amount $10.00 was paid the Republican county committee, $9.00 was paid for traveling expenses and the remainder was for printing and advertising.

J. A. Emery defeated candidate for director of the poor on the Republican ticket spent $98.50. Of this amount was $10 paid the county chairman and $15 for watchers. The remainder was spent for printing and advertising.

William Courson, another defeated candidate on the Republican ticket for poor director spent $76.75. This was all spent for printing and adverticing, traveling and board.

B. C. Stout, Democratic-Keystone nominee for poor director, spent $70 - 40. Of this amount $10.00 was given John N Patterson, treasurer of the Democratic county committee. His total expenses were $10 and car fare $8. The remainder was spent for printing and advertising.

Miss Myrtle Majors was in Donora Saturday to visit frieds.

C. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

REASONS FOR PRIDE.

Pennsylvania has reasons for being proud. No administration of this or any other State has gotten closer to the whole people than has the administration of Governor John K. Tener. In every instance Governor Tener has gone direct to the people in determining their wants. When disaster came to any part of the State he went in person to the scene and gave his advice and help. He called to the aid of the distressed every factor of his administration and he insisted upon relieving distress when and where he found it.

When the law was outraged as it was, for instance, in the Coatesville lynching, he not only went himself to examine the situation, but he sent the legal machinery of the State to bring the offenders to justice. When the people clamored for better highways Governor Tener went over the State in person. He named a highway commissioner with a reputation for doing things well, and better roads are coming fast. It is little wonder, therefore, that the voters of the State arose in their might at the recent primaries and put all the political isms out of the running.

Philadelphia, the roosting-place of political isms, gave the regular Republican candidate for mayor more than 105,000 votes while the Keystone party polled about 35,000 and the Democratic party polled only about 10,000 votes. These figures show the firm stand the voters are taking in favor of the Republican party. They also show that the voters are entirely content with the management of the Republican party in the State and they are determined to stand for it for the purpose of showing their confidence in the State administration.

A READJUSTMENT.

Charleroi, like every other city and town of any consequence, is pasing through a period of readjustment. The industrial conditions which prevailed on the opening and ultimate progress of the town have been gradually changing, until, as inevitably occurs, a climax is reached in some of them, and then follows swift and sharp changes, and what had become to be regarded as a permanent fixture is perhaps entirely eliminated. The result is perhaps disastrous to whatever interests had been dependent upon the obliterated features, but that is a mere incident in the material evolution that is going on all around us. Everything in the universe is subject to the unalterable law of change and everything must consequently come in for a re-adjustment.

This is what has happened to Charleroi. Many business men bemoan the loss of former conditions and prestige. These, however are but natural. A part of this was based on mining conditions which have become exhausted. Ten years ago in the neighborhood of 1,500 people were employed at Vesta and Dunlevy mines now but a handful remains. The Pittsburg Plate Glass factory here, which had been a mainstay has become obsolete in many respects, and is consequently closed when there is a depression in the market. In addition to this other towns are progressing the same as Charleroi, and interpose more competion than previously. There are numerous other features which have helped to make more competition for Charleroi as a business center, which must be recognized and met.

It is not so much the causes in Charleroi as those outside which have brought about the changing conditions. These however must be overcome, and if Charleroi is to continue to be the business center it once was, the business people inside must redouble their efforts to bring trade and business to the town. The old order of conditions has passed away and new ones must be created.

PICKED UP IN PASSING

"If those county roads were taken care of the same as railroads, they would stand up all right under the traffic, no matter what the roads were constructed of," said a veteran railroad man the other day, when the question of constructing brick or macadam roads by the county was under discussion. "There is no question in my mind but what the macadam roads would have stood up all right if they had been properly cared for. No road or railroad track will last any length of time if it isn't constantly under repair. The county roads were completed, some of them not very well, perhaps and then they were left alone for three or four years, when they got so bad that they had to be virtually reconstructed. Then it was said that a macadam road would not stand the traffic in this country.

"Suppose a railroad track were laid on a new grade, ballasted and let alone for three years. What would happen? Why the road would be out of commission in six months, from the fact that certain portions would settle or slip and get out of repair generally. Just as soon as a railroad is finished that is, the contractors are through the work of real construction begins. It is divided into sections, and each section crew works continuously from one year's end to another keeping the track in repair. That is what they do with macadamized roads in the old country, and that is what they will have to do with any road in this country, whatever it is made of brick, macadam or any other material.

"As an instance of how vigilant a railroad is in keeping its tracks in repair, a record is kept of all the track walkers. In a statement just issued by the Pennsylvania Railroad company it is shown that the oldest track walker in the employ of the company is George A Burns. His beat is between Greensburg and Youngwood Yard, a distance of about three and one-half miles, and he has covered 177,000 miles during his term of service. If the county roads were looked after in the same way there would never be any big appropriations necessary for repairs. A macadam road will stand the traffic all right in the European countries, but tourists will tell you that workmen are looking after them all the time the same as a section gang on our railroads."

STILL WEAK FROM HOT SPELL

Physicians say that the unusual and terrific heat of last summer did great damage to many people who do not even suspect it. There are many right in this town who are feeling weak, listless and discouraged, losing flesh and going into a decline on account of the strain of last summer.

A Red Bank, N. J., man, Mr. Walton Cullington, has found what to do in such cases. He says: "When I was badly rundown, growing weak and losing flesh, I took Vinol to build me up and make me strong. It has been perfectly satisfactory, and I would not take anything for the good Vinol did me. I am all right now."

It would be a great blessing if all who are in broken health, whether old, middle-aged or young, could know that Vinol is the one thing they need to make them well and strong again. We can prove by people you know well that Vinol, our delicious cod liver and iron upreparation without oil, is the greatest blood builder and strength creator known and we guarantee it to give satisfaction. GRAND OPENING

"United" Premium Parlor

405 Fallowfield Ave., Charleroi, Pa.

TUESDAY, OCTOBER 10th, 1911

Get Your Premium in Advance, Then You're Sure of It!

THE NEW WAY OF GIVING PREMIUMS

You do not have to wait for months and months until you fill your book of with stamps. You can get your premium in advance--before you even collect one single stamp. No red tape about it---we trust you. All we ask is that you turn in a few "United" Stamps each month on this up-to-date plan. You have the use of the article while collecting stamps to pay for it. You are also sure of getting something of your own selection. A premium you will be satisfied with and worth double (and in many instances worth three times) that given by any other stamp company.

"UNITED STAMPS" are owned and operated by the United Sales Corporation, a company of the very highest commercial standing, a company that believes in putting some of its capital in the value of its premiums, a company that believes in giving the greatest possible value in a premium that it is possible to give consistent with conservative business methods, thereby rendering the merchant a service, which he has a right to expect and for which he is paying.

You will get one stamp for each 10 cent purchase, ten (10) stamps with each dollar spent and so on for the full amount of your your purchase. You paste these stamps in a little book or folder provided for that purpose. You can get your premium in advance, or when you fill your book, if you prefer to collect them in the old fashioned, antiquated way.

There is no Uncertainty or Mystery about "UNITED STAMPS"

Each book of "United" Stamps secures a Premium worth $3.50. The only company in the United States who places an actual value on their Premiums. Visit the Premium Parlor. Investigate for yourself. We invite comparison.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo — "For seven years I suffered everything I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it too. I can do my own house work, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl" —Mrs. DEMA BETHUNE Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling indigestion, and nervous prostration, after all other means had failed. Why don't you try it?
